Professional Summary

Data & BI Analyst with **2+ years** building enterprise-grade Business Intelligence for Fortune 500 clients including ExxonMobil. Owns the full Power BI lifecycle — Star Schema modelling, DAX, Power Query, production dashboards — cutting decision cycle time 40% and retiring manual Excel reporting. Advanced SQL on 1M+ row datasets with Python (Pandas) ETL automation and KPI design.

Work Experience

Data & BI Analyst (Solution Delivery Executive) | Zeapl.AI (Client: ExxonMobil) **Jun 2024 – Present**
Enterprise BI & analytics consulting for Fortune 500 energy clients — Noida, India

- Retired 5+ manual Excel reporting workflows across 3 business units by architecting and deploying **20+** end-to-end BI and automation solutions — cutting reporting cycle time **30%** and freeing **~15 hrs/week** of analyst capacity.
- Gave leadership a single trusted view of performance through **8** Power BI dashboards on Star Schema models with DAX, real-time KPI tracking and end-to-end UAT — cutting decision cycle time **40%** at **99%+** accuracy.
- Closed accuracy gaps across **1M+ row** datasets with advanced SQL analysis (window functions, CTEs, subqueries) plus structured cleaning, validation and reconciliation — lifting data accuracy **~25%**.
- Eliminated repetitive operational handoffs by engineering **10** automated workflows on REST and WhatsApp Business APIs — cutting client operational costs **~20%** annually.
- Exposed **3** engagement drop-offs invisible in aggregate reporting via funnel, cohort and variance analysis with 10+ stakeholders and 25+ defined KPIs — resulting fixes lifted engagement **15%** in 90 days.

Business Analyst | 1Lattice **Nov 2023 – May 2024**
Dashboard automation, KPI frameworks & BI reporting — Noida, NCR

- Converted **20+** loosely defined BI requests across 4 business units into SQL-driven operational dashboards, owning requirements through delivery — shipping every request on schedule.
- Ended constant ad-hoc reporting demands by building KPI frameworks for **4+** business units and standardising 15+ reporting definitions for self-serve access — cutting ad-hoc requests **35%**.
- Collapsed a 3-day manual turnaround on **5** weekly reports to **same-day** with reusable Python (Pandas) ETL pipelines and Power BI scheduled refresh — cutting manual data prep **~40%**.

Technical Skills

BI & Visualisation	Power BI (DAX, Power Query, Data Modelling, Star Schema, Row-level Security), Tableau (working knowledge), Excel (Advanced, Pivot Tables, Power Query)
Languages	SQL (Joins, CTEs, Window Functions, Subqueries, Stored Procedures), Python (Pandas, NumPy, Matplotlib)
Analytics	KPI Design, Funnel Analysis, Cohort Analysis, Trend & Variance Analysis, EDA, Statistical Analysis, A/B Testing
Data Engineering	ETL Pipelines, Data Cleaning & Validation, Data Reconciliation, REST APIs, Workflow Automation, Data Visualization
Tools	Power Automate, Git, JIRA, Confluence, Power BI Service, MS Office Suite
Soft Skills	Stakeholder Management, Requirements Gathering, UAT, Agile/Scrum, Cross-functional Delivery

Key Projects

Rewards & Loyalty Chatbot Analytics · Zeapl.AI (ExxonMobil) **2024 – Present**
• SQL cohort models and Power BI funnel dashboards on chatbot performance, rewards redemption and user journeys — feeding weekly executive reporting and loyalty-programme strategy.

Customer Retention & Cohort Analysis Dashboard · Zeapl.AI **2024**
• Modelled 12 monthly acquisition cohorts in SQL for retention, churn and repeat-purchase behaviour; heatmaps and churn dashboards let the client target high-risk segments within 2 weeks.

E-Commerce Sales Intelligence Dashboard (250K rows) · Portfolio **2026**
• 3-page Power BI report (Executive Summary, Customer Analysis, Product Performance) on a Star Schema of 1 fact + 4 dimensions with 15+ DAX measures — YTD Revenue, MoM Growth%, Running Total, Churn Rate%.
• Power Query (M) pipeline exposed a risk hidden in revenue-only views: all 4 categories carry 40%+ returns.

Certifications

Advanced Certificate in Applied Data Science, ML & IoT — IIT Guwahati (E&ICT Academy) **2023**
Microsoft PL-300 (Power BI Data Analyst) · **Microsoft AZ-900** (Azure Fundamentals) **2026**

Education

M.Sc. in Science — Chaudhary Charan Singh University, Meerut, Uttar Pradesh **2021 – 2023**
